

Dear Teacher:

Now is the perfect time to plan a fall trip to the Florence Griswold Museum during our *A Flutter in Time: Faeries Around the World and Across the Ages* running from October 1 - 30.

During this event, nearly thirty miniature faerie installations, based on famous architecture around the world, will be installed in various nooks and crannies on the Museum grounds. This is in addition to the historic Griswold House and new art exhibitions.

I want to share with you 2 popular options for how you and your students can enjoy this exciting outdoor exhibit as well as the great art and history on view at the Museum.

✓ **Option #1: Once Upon a Palette Field Trip to the Museum**

Reserve a 2-1/2 hour field trip to the Museum led by our education staff Monday-Friday. This option includes guided tours of the historic Griswold House and the *Wee Faerie Village* as well as the chance to paint *en plein air*. Field trips are \$8 per student. A pre-visit packet will be sent in advance of your date. **Please note that tour dates sell out fast.**

✓ **Option #2: Self-Guided Tours of the Wee Faerie Village • A Flutter in Time**

You can also tour the *Wee Faerie Village* on your own with your class and chaperones using the *Time Travelers' Guide*. And thanks to a grant, students 12 and under are admitted free to see the *Wee Faerie Village*. For this outside-only option, adults are charged \$5. A pre-visit packet will be sent in advance of your date. Contact David D.J. Rau at (860) 434-5542, ext. 115 or david@flogris.org for this option.

To reserve a date, or for more info, contact: Julie Garvin Riggs (860) 434-5542, ext. 113 or 123, or julie@flogris.org

Please share the other copies with one of your fellow teachers!

Here's to a fun and faerie-filled fall at the Florence Griswold Museum
