Dear Miss Florence,

I want to come to Lyme very soon - I wish I might have appeared with the first birds - but that was wait so that I could see you all.

However if I may have my studio in the garden (that I had before) and a room I will be happy.

Of course I should like my old room as Mrs. Hanson will come along too very soon.

I have heard that you are very well from our friend Teleth, and so with kind regards I am sincerely yours

Willa Hanson
