

OLD CHINA IN AMERICA.

A Search for It Extends Over New England.

An American Lady Relates Her Experiences in Reconstructing Yankee Objects from the Wreck of a Ship About Her Friends and Her Collections, and an Excellent Illustration of It.

Having hunted through all the nooks of New England for old china, an undertaking not more arduous for a woman than racing over the world in seventy days, Mrs. Alice Morse Earle has written one of the notable books of the year, entitled "China in America." It is not only a description of the treasures in china discovered by her, but a very interesting account of the great variety of people interviewed and questioned. A persevering collector in east-towary places soon finds that the chief requisite of success is knowledge of human nature. Old china is not a commodity quoted in market reports, and it is usually so mixed up with old antiques that each owner has to be the object of a separate visit, and the object of a full and liberal compensation is insisted. Mrs. Earle, it is evident, in the course of time became an expert in her plans and as possible in her execution. As a veteran collector she has written of her own experiences as directed at her education in china. Her sense of humor is shown in a quick and lively style, and her quest for old china is a story of adventures in the most lovely farm houses for rare specimens whose
