

2024 IMPACT REPORT

FLO
GRIS
MUSEUM

**Joshua Campbell
Torrance**

*Executive Director
FloGris Museum*

You may have noticed that the Annual Report has evolved into the Impact Report. The change reflects the organization's focus—making a measurable difference in the lives of our visitors, Members, and community. We have made it our purpose to be a source of intellectual stimulation, inspiration, and joy. Last year, with this in mind, our staff and board took a deep dive into our core beliefs and goals. The result was revised vision and mission statements and ultimately a new brand identity.

In statement we articulate that we will use our strengths to positively impact our community.

FloGris envisions art, history, and nature as essential to vibrant, healthy, and diverse communities.

Our mission statement is a commitment, grounded in the legacy of Miss Florence and the Lyme Art Colony, to share the Museum's assets with the broadest audience possible.

In the spirit of the Lyme Art Colony, FloGris welcomes people of all ages and backgrounds to get up close and personal with the art of Connecticut.

Please join us as we move forward with our plans to create a space where people feel included and are eager to explore all that the Museum has to offer. I hope you already have seen these principles unfold through new projects and communications.

Impact implies measurability. Our team has developed systems to evaluate the effectiveness of our efforts. As you will see throughout this report, we are committed to sharing our progress—and our impact—with you.

Thank you for being the heart of the Florence Griswold Museum. You are the who, the why, and the how that propels our vision.

Joshua Campbell Torrance
